Chandler Rose

Austin, TX | P: +1 2543944789 | chandler.eric.rose@gmail.com

Relative Work Experience

Army Active Duty

Network Administrator   **SEP 2020 - APR 2023**

- Led a team of specialists in the handling, safeguarding, and management of sensitive cryptographic materials, ensuring the confidentiality, integrity, and availability of communication systems critical to national security.
- Maintained meticulous records and documentation of COMSEC materials and transactions
- Coordinated with external agencies, including NATO partners and allied forces, to exchange key material and maintain interoperability of communication systems in support of joint operations
- Conducted regular training and briefings on COMSEC awareness, procedures, and best practices.
- Solved network connectivity/account issues for users. E.g accounts expiring, user lockouts, cabling issues, and more.
- Recognized for outstanding performance with multiple awards and commendations, including the Army Commendation Medal and the Certificate of Achievement.

Communications System Engineer   **APR 2018 - SEP 2020**

- Routinely assisted in developing communication plans for Battalion Field Training Exercises(FTX)..
- Regularly referenced the OSI model and signal flow chart while troubleshooting issues with voice and data.
- Configured systems according to the communication plan. Activities included, but were not limited to aligning L.O.S. Antennas, assigning IPs, VLAN tagging, and configuring Kiv7-Ms, AN/GRC-245 and SINCGAR radios. Assisted other command teams in configuring their systems in accordance with the communication plan.

Certifications

Offensive Security Certified Professional (**OSCP**)	MAR 2023
Certified Red team Professional (**CRTP**)	JAN 2023
Certified Professional Penetration tester (**eCPPTv2**)	SEP 2022
Jr. Penetration Tester (**eJPT**)	JUL 2022
CompTIA Pentest+	MAR 2023
CompTIA Security+	FEB 2023
Certified Entry-Level Python Programmer (**PCEP**)	NOV 2022
Microsoft Azure Fundamentals (**AZ-900**)	NOV 2022
HackTheBox ProLabs: Offshore	JAN 2023
HackTheBox ProLabs: Dante	AUG 2022
Social Engineering Expert	JAN 2023

Education

American Military University   **Town,WV**

Associate of Science in Computer Technology   Expected June 2023

- Coursework included: Web Development, Operating Systems, Python Programming, Project Management, and Excel.
- Completed 60/60 credit hours, and applied for graduation.

Cyber Center of Excellence   **Fort Gordon, GA**

25N MOS Training   APR 2018 - SEP 2018

NCO Leadership Center of Excellence   **Fort Hood, TX**

Basic Leaders Course   MAR 2021 - APR 2021
